

Professor Vassilis Georgiou HADJIANASTASSIOU

DM(Oxon) FEBS(Transplant) FEBS(Vascular) FRCS(General Surgery) BMBCh(Oxon)

Specialist General Surgeon and Specialist Vascular Surgeon

Professor V.G. Hadjianastassiou graduated (BMBCh (Oxon)) from the Medical School of the University of Oxford, where he also completed his doctoral thesis (DM (Oxon)) in abdominal aortic aneurysms. He holds the specialties of General Surgery (FRCS (Gen)) and Vascular Surgery (FEBS (Vasc)), after completing Specialist Surgical Training (CCT) at the Oxford and London Deaneries. From 2007 till the end of 2010 he worked as a Consultant Surgeon at Guy's & St. Thomas' and King's College Hospitals in London and was a Senior Lecturer at the Medical School of King's College London. Since 2011 to the end of 2014 he has been the founding director of the first Transplant Centre in the Public Hospitals in Cyprus. He is an examiner (FEBS(Transplant) for the European Diploma of Transplant Surgery (UEMS & the European Board of Surgery, Division of Transplantation) and also an examiner of the Royal College of Surgeons of England (for the MRCS exam). Since 2000 he has had a significant number of publications and has given numerous lectures in international meetings. Among the innovations he introduced in Cyprus is carotid endarterectomy under local anaesthesia, the first fenestrated endovascular abdominal aortic aneurysm repair, laparoscopic nephrectomy for living kidney donors, the first simultaneous pancreas and kidney transplantation and the first kidney transplant from an incompatible blood group. Since Nov 2013 he has been serving as a Clinical Professor of Surgery of the University of Nicosia Medical School.
